FACULTY SENATE

BILL

Adopted by the Faculty Senate

TO: Acting President Ferrante

FROM: Chairman of the Faculty Senate

1. The Attached BILL, titled Graduate Council Curricular Report #1973-74-9

\_\_\_\_\_

\_\_\_\_\_

is forwarded for your consideration.

2. The original and two copies for your use are included.
3. This BILL was adopted by vote of the Faculty Senate on March 28, 1974 (date).
4. After considering this bill, will you please indicate your approval or disapproval. Return the original or forward it to the Board of Regents, completing the appropriate endorsement below.
5. In accordance with Section 8, paragraph 2 of the Senate's By-Laws, this bill will become effective on April 18, 1974 (date), three weeks after Senate approval, unless: (1) specific dates for implementation are written into the bill; (2) you return it disapproved; (3) you forward it to the Board of Regents for their approval; or (4) the University Faculty petitions for a referendum. If the bill is forwarded to the Board of Regents, it will not become effective until approved by the Board.

CURRICULAR REPORT FROM THE GRADUATE COUNCIL TO THE FACULTY SENATE  
Report No. 1973-74-9

At its Meeting No. 123 on March 15, 1974 the Graduate Council considered and approved (where necessary) the following curricular matters which are now submitted to the Faculty Senate for information or confirmation as indicated.

I. Matters of Information. (For further details, consult the chairman of the department concerned.)

A. College of Home Economics

I. Department of Textiles, Clothing, and Related Art

a. Experimental Course

TXC 916X Historic House Restoration SS, 3

Method of research used in historic house restoration with emphasis on appropriate interiors: finishes, hardware, furniture and textiles. Classroom lectures, readings, discussions, guest lectures, field trips and individual research. Staff

B. College of Pharmacy

I. Department of Pharmacy

a. Change (to read)

PHC 499 Clinical Practicum II, 3-12

Faculty supervised practical experience involving selected community and hospital pharmacies and health care delivery agencies which provide patient-oriented pharmaceutical services. (Lab 6-24) Prerequisite: PHC 451 or permission of department. Not for graduate degree program credit. Cooper and Fish

II. Matters Requiring Confirmation by the Faculty Senate.

A. College of Home Economics

I. Department of Textiles, Clothing, and Related Art

a. Add (New)

TXC 422 Field Experience in Fashion Merchandising I and II, 5

Field Experience in business establishment. Students work under qualified personnel and are supervised by University staff. Seminars concerning the merchandising of textile and related products are required. Prerequisite: TXC 322 and permission of instructor. Not for graduate program credit. Reilly

b. Changes

TXC 502 Seminar in Textiles and Clothing-Add Prerequisite: "Permission of Department"

TXC 540 Special Problems in Textiles and Clothing -Add Prerequisite: "Permission of Dept"

TXC 560 Special Problems in Textiles and Clothing -Add Prerequisite: "Permission of Dept"

2. Department of Food and Nutritional Science

a. Changes

FNS 438 Description and Prerequisite changed to-

FNS 438 Experimental Food Science II, 3

Principles and instrumentation techniques of basic and applied food research. Investigation of special food problems. Writing and evaluation of technical reports on research findings. (Lec 1, Lab 6) Prerequisite: Organic Chemistry or permission of the department. Constantinides

CURRICULAR REPORT FROM THE GRADUATE COUNCIL TO THE FACULTY SENATE  
Report No. 1973-74-8

D. College of Business Administration  
1. Change

The College of Business Administration, with the advice and consent of the Department of Pharmacy Administration, is desirous of offering to Master of Business (MBA) students an option of selecting a specialty area in Health Care. The College of Business has received about ten to fifteen inquiries a year about an option of this nature; the Department of Pharmacy Administration has also received a number of inquiries from persons with a business background about the Health Care Field. The MBA program has three electives and, as such, the proposed option requirements can be met without any MBA program changes. The College of Business Administration's Graduate Curriculum Committee has surveyed the employment possibilities for MBA's in the Health Care field and found that there are positions in a myriad number of organizations such as hospitals, nursing homes, health planning agencies, health associations, health insurance companies, group practice plans, and for-profit hospitals. The two local hospital administrators surveyed felt that there would be adequate opportunity for a Health Care internship for the MBA students electing the Health Care option. The apparent supply of interested MBA students, the ease with which the option can be accommodated into the MBA program, the demand for MBA graduates with a Health Care option, and the very high possibility for summer internships make this option a highly desirable one.

The option would consist of the three MBA electives being PAD 651, 652 Health Care Systems I and II and GBA 691 Directed Study in Administration. The Pharmacy Administration Department is very willing to have the MBA students in PAD 651, 652. The GBA 691 course would follow with an academically supervised internship within a hospital setting.

The revised curriculum would be:

ACC 611 Managerial Accounting; ECN 690 National Income; FIN 641 Advanced Financial Theory; FIN 645 Managerial Economics; GBA 671 Methods of Business Research; GBA 681 Administrative Policy and Decision Making; MGS 682 Quantitative Management Analytical Techniques; MMG 651 Marketing Management; OMR 626 Organizational Behavior; PAD 651 Health Care Systems I; PAD 652 Health Care Systems II; GBA 691 Directed Study in Administration.

The proposed catalog listing would be:

Health Care Administration (listed with the other specializations in the MBA discussion).

CURRICULAR REPORT FROM THE GRADUATE COUNCIL TO THE FACULTY SENATE

Report No. 1973-74-9

FNS 441 Description and Prerequisite changed to -  
FNS 441 Advanced Human Nutrition I, 3  
Comprehensive study of principles of nutrition. Physiological  
and metabolic processes and interrelationships involving nutrients.  
Factors affecting nutritional health status and requirements during  
the life span. (Lec 3) Prerequisite: Introductory Nutrition, Organic  
Chemistry, Human Physiology, Biochemistry or permission of department.  
Dymsza

FNS 444 Title, Lec, and Description changed to -  
FNS 444 Nutrition and Disease II, 3  
Effect of disease on metabolism and nutritional requirements,  
implications for dietary change and factors affecting acceptance  
of such change. (Lec 2, Lab 3) Prerequisite: FNS 441 or permission  
of department. Caldwell
